

Great team activities
for a better world

Welcome to Companies for Good

Based in the UAE, we help companies make a positive impact – for their employees, as well as the communities and the planet.

We offer amazing CSR activities and Sustainability initiatives:

- Online or on-the-ground
- 5 people or 1,000
- Do good for society or the environment

With Companies for Good you can make a difference how, where and when you want to. **Just tell us how you want to do good. We'll make it happen.**

Making art out of waste

The experience

Waste has a very negative effect on our planet and the wildlife that lives on it. This activity is designed to raise awareness and promote more sustainable habits.

Your team will be asked to put aside and bring the waste created at home/office during the week before the activity. Then we'll create art pieces using clean & safe plastic, aluminum and paper waste.

A fun and educational team activity to learn about sustainability and encourage behavioral change.

Sustainable products for female workers

The experience

A fun and interactive activity designed to learn about sustainability and make a positive impact to women working in the UAE and living in labour camps.

We'll use natural and organic ingredients to make hand-made cosmetics: soap, lip balm, toothpaste, deodorant, scrubs...

We'll then place the cosmetics inside a paper bag, along with a nice flower, and we'll write a nice message for the ladies receiving the gifts.

Sustainable gifts for UAE workers

The experience

After a short ice-breaking activity, we'll briefly talk about the lives of migrant workers to better understand their needs.

We'll use fabrics to design and make a tote bag using sewing techniques.

The bags will then be filled with essential items that workers use daily: socks, flip flops, a reusable bottle and a towel. This way we can reduce the usage of plastic bags, plastic bottles and paper tissues.

A great way to give back while promoting sustainable living!

The Climate Change workshop

The experience

Everyone talks about climate change these days... but do people understand what is actually happening?

Now played by more than 130,000 people worldwide, the Climate Collage is a fun and insightful team activity that will help participants learn the drivers, mechanisms and consequences of climate change.

A great activity to bond with colleagues while learning about sustainability!

Ghaf trees repotting & Soil workshop

The experience

In this activity participants will give baby Ghafs the chance to grow, thrive and become beautiful trees that will give back to the environment indefinitely.

We'll also engage in an interactive workshop, facilitated by the Emirates Soil Museum curator, to discover how important soil is for the future of our planet and all of us living on it.

A fun and insightful team activity!

Make toys for underprivileged children

The experience

Playing with toys sparks imagination and it's a critical element for children learning, wellbeing and development. And yet for thousands of kids having their own toy is something they can only dream of.

In this impactful team activity, you will get to know more about the lives of the beneficiaries and, you'll then use your creativity to make toys for children living in refugee camps or poor communities.

Turning 'disabilities' into 'abilities'

The experience

Children with motor impairment dream about being able to communicate and connect with others. In this inspiring activity, you will give children access to innovative assistive technology.

We'll kick-off with a visit around the Center and we'll learn how to use this new tech devices. Then participants will teach and play educational games with the children.

Finally, participants will gift one device (same as on the picture) to the Centre. A truly impactful CSR activity to make a positive difference to people's lives.

Pack school stationery for refugee children

The experience

We'll start with a conversation about the lives of the beneficiaries and then we'll roll up our sleeves and start packing school items into the backpacks: pencils, notebook, folder, ruler, eraser, sharpener...

We'll also get creative by decorating the notebook cover using bright fabric, which will make each school pack unique. And we'll add a solar lamp, which helps kids be safer as well as read when it gets dark.

Finally, if time allows, we'll make items for the children to play such as: a skipping rope or a little monster toy.

Healthy snacks and refreshments

We care about nutrition and want our activity participants to eat healthy snacks. Our partners will serve delicious and healthy snacks and refreshments. So all your team needs to think about is having a great time and doing good.

Price: Quote based on the number of people.

At work people are busy and everyone has their own dynamics. There are levels of seniority, often silos among departments, and it's difficult for people to get to know each other and bond. In our activities, we're all the same. We all share a common purpose: to have a good time and make a positive impact. This gives people an opportunity to connect at a very different level; not as co-workers, but as humans.

Thank you!

Let us know how you want to do good.
We'll make it happen.
