A great way to start the day this morning 🌅 for myself and some of our Rovesters! We had the chance to attend an awesome workshop hosted by the **Sustainability Kiosk** on all things green! 💚 Rovesters from across all departments and all our Rove Hotels came together to dive deep into the world of sustainability 🌍, both in general and in the context of our operations.

The session was packed with insights 💡 sparking some great discussions on how we can continue to improve our environmental footprint and make a positive impact on a long term!

Big thanks to the Sustainability Kiosk team **Radhika Arapally Stella Pinto Tiffany McGrath** for leading the charge and challenging our Rovesters to be even more conscious and proactive! 🙌
