PERFORMANCE

ADDED
PROTECTIONS

KEY FEATURES:

- Fast charging up to 15W
- High-end materials
- Premium design
- Overcurrent, overheat, overvoltage and foreign object protection
- Aircharge+ Compatible

PRODUCT SPECIFICATIONS:

- Qi version: Qi Certified
- Input: QC2.0 Minimum
- Coil: 1 coil Output: up to 15W

SUB-SURFACE
WIRELESS CHARGER
15W

An integral part of the
furniture. Fixed 3mm
Below the Surface for
Seamless Integration.

SUB-SURFACE FAST WIRELESS CHARGER 15W

An Integral Part of the
Furniture

Installed from the underside of a desk or table, the Aircharge Wireless Sub-Surface Charger becomes an integral part of the furniture, maintaining the look & feel of the surface completely intact.

Available with data connectivity for system monitoring, analytics & over-the-air updates.

KEY FEATURES:

- Fits any desk thicknesses – a 80mm Ø housing will be drilled from the underside of the table leaving maximum 3mm for optimal efficiency
- Qi-Certified - supports all Qi compatible devices and Aircharge accessories up to 15W
- Safety protections - Foreign Object Detection, Overcharge protection, Temperature Sensor Control
- Can be secured to underside of work surface using steel plate and screws provided
- USB power cable allows multiple units to be connected to a hub (supplied separately)
- Data connectivity supported
- Please note: As device cases vary in thicknesses we recommend a depth of 2mm, and a maximum depth of 3mm

PRODUCT SPECIFICATIONS:

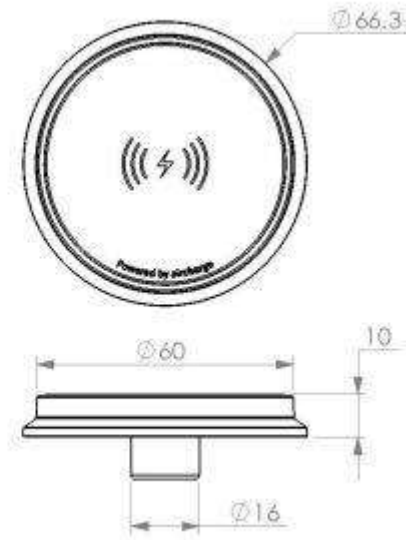

- Input: QC2.0 Minimum
- Power cable: 2m USB
- Frequency: 100-200kHz
- Certification: Qi-Certified

AirMag MagSafe WIRELESS CHARGER 20W

The Worlds First B-B Apple MagSafe Charger. Available in Black or Silver, the Magnetic contact means The charging Sweet spot is Hit Every time. Also charges all Qi Compatible Devices.

Only requires 16mm Drill Hole for Table Top integration. Can be designed directly into Products such as sofas.

AirMag MagSafe WIRELESS CHARGER 20W

The Worlds First B-B Apple MagSafe Charger. Available in Black or Silver, the Magnetic contact means The charging Sweet spot is Hit Every time. Also charges all Qi Compatible Devices.

Only requires 16mm Drill Hole for Table Top integration. Can be designed directly into Products such as sofas.

The Aircharge AirMag provides a stylish and durable wireless charger featuring Apple's MagSafe device alignment technology, which ensures that your device stays securely in place while charging.

The AirMag requires a single 16mm hole to route the cable and attach the included surface fixing kit, making it easy to install and use.

With the AirMag, you can enjoy the benefits of fast and publicly accessible charging without the need for cables, making it a hassle-free experience for everyone

- Frequency: 110-205KHz
- Certification: Qi-Certified

PORTABLE
15W BATTERY PACK

Mobile Wireless
Charging

PORTABLE 15W BATTERY PACK

Battery with:
2 x Type-C
Connectors.
1 x Fly Lead.
Compatible with All
aircharge Wireless
Chargers.

First-to-market battery powered wireless charging technology to bring wireless charging to venues without direct access to power.

KEY FEATURES:

- Unique solution including an intelligent charging rack and 5 rechargeable 18,000 mAh capacity battery pucks with Type-C Fly Lead for Laptop Charging.
- Additional battery pucks can be purchased separately
- Modular design - When combined with an Aircharge Wireless Surface Charger a full ready to use wireless charging solution is formed (Surface Charges suitable for use with Battery Powered Product are sold separately)
- Interchangeable battery pucks for rapid swap out
- Key-secured twist and lock mechanism for safe and easy deployment under the table or counter surface
- Each battery puck guarantees 6 full charging cycles (Based on wirelessly charging Apple iPhone 10 & Full Laptop charge. A recharge cycle is defined as charging the battery from zero to 100%)

IDEAL FOR:

- Restaurants, bars and cafés with furniture which is not fixed or is moved regularly
- Office break out areas
- Malls and shops
- Hotel, train station and airport lounges and waiting areas
- Events and exhibitions
